Student Responsibilities

Time Commitment

The study of technical courses is cumulative (i.e., an understanding of earlier material is necessary to grasp concepts covered later). Past experience has shown a high correlation between procrastination and low grades. Students must be committed to completing tasks on time.

Technical Aspects

The student is obliged to provide himself/herself with all the necessary technical equipment for the educational process (laptop or computer, webcam, headsets or headphones and microphone), as well as access to the Internet. Only students signed-in with their own first and last name are allowed into video lectures in Zoom.

Grading Policy

The course is based on mastery of course outcomes. The student's grade for this course will be calculated based on performance.

Note: the minimal grade to pass a subject is **70%**.

Graduate Grading Guidelines

The assignment of a letter grade for a course is an indication of the student's overall

success in achieving the learning outcomes for the course. The course letter grade may be viewed as a summary statement of the student's achievement in individual assessments (assignments & activities). These assessments are intended to identify for students their strengths as well as those areas in need of improvement. Student work is assessed according to the guidelines below.

Course-level Grading guidelines:

Grade	ECTS Grade	International Grade
90% - 100%	A	5 (Excellent)
83% - 89%	B	4 (Very Good)
75% - 82%	C	4 (Good)
70% - 74%	D	3 (Good)
35% - 69%	FX	Not acceptable, possible repetition of course

Criteria for grading:

ECTS grade	Requirements for the student
A	The student demonstrated a comprehensive systemic and in-depth knowledge of program material; processed basic and additional literature; obtained a solid grasp of the conceptual apparatus, methods, techniques and tools provided by the program; found creative abilities in the presentation of the educational program material both on this issue and on related modules of the course and related courses, or the student had a current control of 90-100 points
B	The student demonstrated good knowledge of program material; processed the basic literature, mastered the conceptual apparatus, methods, techniques and tools provided by the program, but with some inaccuracies
C	
D	The student showed mediocre knowledge of the core program material; learned information mainly from a lecture course or just one textbook; mastered only certain methods, techniques and tools provided by the program
FX	The student has significant gaps in knowledge of the main program material; fragmentary mastered the basic concepts, techniques and tools; significant mistakes are made when using them

Maximum total possible points - **375** points incl. (midterm and final exam are **60%** of overall evaluation)

Lecture activity / Practical tasks – **150** points (every week / several times during the course)

Midterm exam - **75** point

Final exam - **150** points

Assignment Format

All work should be shown in time. If the student misses the deadline – the task is failed
Practical tasks should be done in Word, contain an introduction, main part, conclusions, and references. The volume up to 5 pages.

Midterm covered topics from previous lectures (Topics 1-8). It included multiple choice questions and cases (essays) and took about 1 hour

The final exam covered all course material and included multiple choice questions and cases (essays). It lasts for 1 hour. Admission to the final exam is possible only if all the tasks of the curriculum are covered

Note: In case of missed midterm or final exam (for a valid reason like sickness or an emergency) a request to repeat the exam is possible. Permit to repeat a midterm or final exam is done through a letter to the dean's office with request and approval of subject lecturer. Repetition of exams is limited to not more than two subjects.

Academic Integrity

Academic integrity is submitting one's own work and properly acknowledging the contributions of others. Any violation of this principle constitutes academic dishonesty and is liable to result in a failing grade and disciplinary action. Forms of academic dishonesty include:

Plagiarism – submitting all or part of another's work as one's own in an academic exercise such as an examination, a computer program, or written assignment.

Cheating – using or attempting to use unauthorized materials on an examination or assignment, such as using unauthorized texts or notes or improperly obtaining (or attempting to obtain) copies of an examination or answers to an examination.

Facilitating Academic Dishonesty – helping another commit an act of dishonesty, such as substituting for an examination or completing an assignment for someone else.

Fabrication – altering or transmitting, without authorization, academic information or records.

Penalty for Academic Dishonesty

Each incident of academic dishonesty will be reported in writing to the appropriate academic Dean. A disciplinary notation for academic dishonesty may be entered on the student's academic record. The penalty for the first incident of academic dishonesty will be a score of zero on the item in question. A second incident of academic dishonesty will result in disciplinary dismissal, unless appealed.
